WORK EXPERIENCE

PULZION-20
I was in the team for creating a website for the technical fest of PICT i.e. Pulzion. My role included web designing .https://pict.acm.org/pulzion19/ ↗
07/2019 - 09/2020

SKILLS

`HTML/CSS` `Bootstrap` `React` `Nodejs` `MongoDB` `Figma` `MySQL`

PROJECTS

Programmer Portfolio (01/2021 - Present)
- Programmer portfolio is more than a simple resume. In essence, it is a showcase that proves that you can do what you talk about in your resume. Rather than telling prospective employers about your skills, you can create a software developer portfolio
- https://mahajankiran.github.io/portfolio/ ↗

AirCoolingIndia (07/2020 - 08/2020)
- Created a static business website for the Air Cooling India Firm which deals with industrial services releated to Cooling systems
- https://mahajankiran.github.io/aircoolingindia/ ↗

Fee management System (11/2020 - 12/2020)
- The group project aims to optimize the process of fee payments for college students using stripe payment gateway and helps admin from the college to track fee record .Students can apply for scholarship and admin can approve scholarship for eligible student.Technology Stack:Node,CSS,Javascript,EJS template Engine.
- https://github.com/mahajankiran/fee_module ↗

Exercise Tracker (08/2020 - 08/2020)
- A website where user can add a person name and assign exercise to be done for the day. Technology Stack:React,MongoDB atlas, Node.js
- https://github.com/mahajankiran/Exercise-Tracker ↗

Firegram (04/2020 - 04/2020)
- A clone of Instagram gallery made using React Js and Firebase where user can upload an image to the Firestore and view on the client side after uploading it
- https://github.com/mahajankiran/Firegram ↗
